

TINY TAILS

PRE-NURSERY PROGRAMME

Bespoke programme designed for students aged 2-3 years.

Welcome to Bangkok Prep's Tiny Tails Pre-Nursery, where learning and nature grow together! Nestled next to our exciting nature exploration area, our Pre-Nursery for 2-3 year olds puts your child at the center of everything we do.

Make the transition smoother with these tips from our Early Years Team!

Visit the Pre-Nursery

Before their first day, visit the school together. Show your child the classroom, play areas, and exciting toys. Build familiarity and excitement!

Talk Positively About School

Use enthusiasm when discussing school. Show your child it's an exciting adventure, not something to fear.

Establish a Routine

Prepare ahead of time: Set a consistent bedtime and wake-up schedule. Allow plenty of time in the morning for a calm start to the day.

Encourage Social Interaction

Attend playdates, playgroups, or parks to help your child practice sharing and playing with others.

Practice Short Separations

Leave your child with a trusted family member or friend for short periods. They'll learn you always come back.

Foster Independence

Encourage your child to try tasks on their own and celebrate their efforts:

- Washing hands
- Feeding themselves
- Dressing themselves
- Tidying up toys

Limit Screen Time

Promote creativity and focus by reducing screen time. Instead, encourage:

- Playing with toys
- Reading books together
- Hands-on activities

Comfort items

We encourage children to bring a small comfort item from home to help with settling into the day. However, we discourage the use of dummies during the day, both for hygiene reasons and to support the development of clear communication skills.

Prepare for Emotions

Tears are normal for both of you! Stay calm and positive to help your child feel secure. A confident goodbye reassures them they're in safe hands.

Together, let's make this a joyful milestone for your family!
