In the afternoon the bus will run from 3.20 – 5.45pm. Please look for the shuttle bus sign at the front of school and wait in this area.

The first 4 Buses will depart when full and the service is provided on a first come first served basis. Students will queue on arrival at the BTS/Tesco pick up point in the morning and the buses will be loaded in order. In the afternoon students will queue at the front of school at the shuttle bus pick up point and the buses will depart when full or after waiting 10 minutes.

The shuttle bus service will continue until all students have been collected and taken to school in the morning. It is anticipated that students will wait no more than 10-15 minutes.

We are working in partnership with the T77 bus provider to assist us during the busy morning period. The Bangkok Prep community can also use this service any other times throughout the day. The T77 bus stop at On Nut BTS is at the bottom of the stairs at exit 2. The Bus will stop at the front of our school in the mornings and the bus stop at 101 Coffee or at Habito Mall. This can be used by students, staff and parents and runs approximately every 15 minutes.

Shuttle bus pick up point

Please note:

- At this time of the morning many of the shopping areas are not open and the area will be quieter than normal.
- The route to the Bus pick up point is all undercover.
- The shuttle service does not provide a Bus Monitor on each bus. It has Sky Train Monitors at On Nut BTS at key locations to help direct students and assist with the shuttle bus service management.
- When students arrive at the pick up point they must see the Bus Monitor who will ask them to wait in order.
- As soon as a bus arrives the bus will be loaded in order of arrival.
- Student safety is important and therefore all students must wear the seatbelts provided at all times when using the shuttle bus service.
- Once students are on the bus there is no other stop until the bus is inside the T77 complex. The school bus will stop only at school and the T77 bus will stop briefly at Habito for any other passengers to depart if needed.
- Direct supervision of students is not provided until students arrive at school. Parents must decide if their own child is mature enough to use the service unaccompanied.
- The School Shuttle Bus Service is deemed as an extension of the school day and as such the expected standard of behaviour must be adhered to at all times whilst using the shuttle service. Any issues will be reported to Senior Academic staff and may result in withdrawal from the service if necessary.
- There is no reservation/booking required to use this shuttle bus service.

Primary Campus S53 to T77 Secondary Campus & return.

This shuttle bus service is provided for families who have students in both the Primary and Secondary schools. Secondary students can be dropped at the primary campus and the shuttle bus will take them to the Secondary campus. This service will run at 7.15am and will be on a first come, first served basis. The buses will depart when the bus is full. On arrival at the primary school secondary students should enter the school site and write their name on the clipboard provided near the Transport entrance and wait in the allocated shuttle bus seating area. Students will be called when the bus is ready for boarding. In the afternoon the buses will depart from T77 campus at 3.35pm to S53 Primary Campus.

The shuttle bus is also available for parents and staff to use to travel between campuses during the day and runs at the following times:

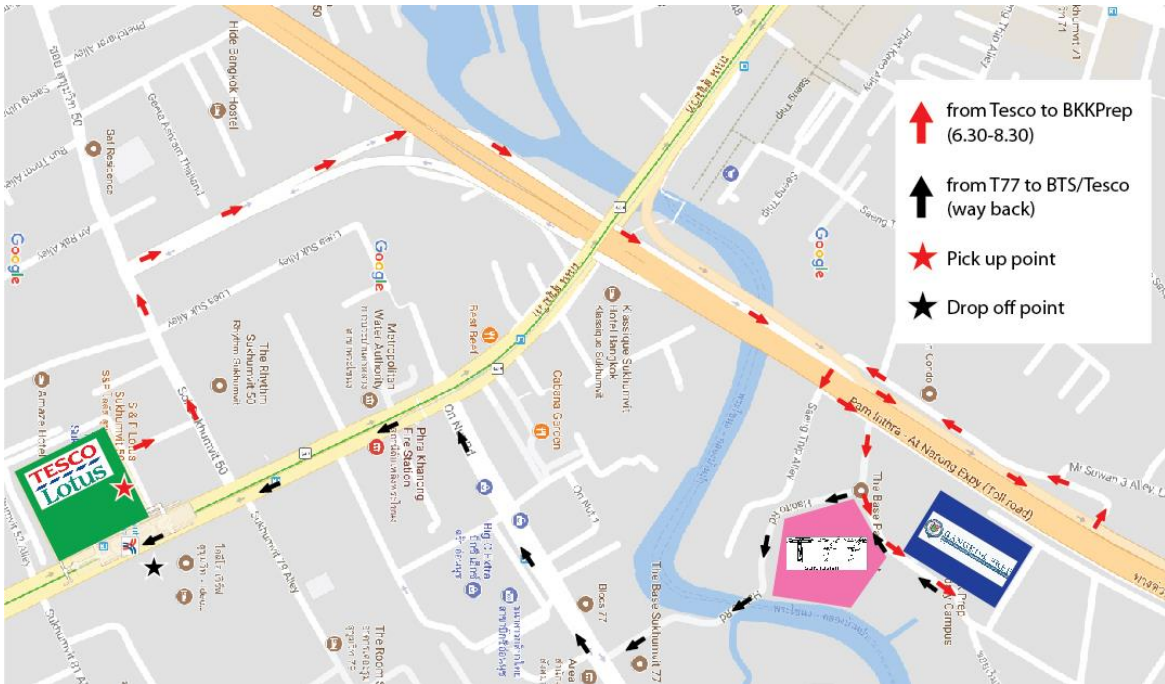

S53 to T77: 7:15/9.00/10.00/11.00/12.00/14.45/16.05

T77 to S53: 7:15*/8.30/9.30/10.30/11.30/13.30/15.35

There is no booking required for the service. It will operate on a first come, first served basis

* There will be a small cost to use the service this round. This fee is a contribution towards the cost of having a Bus Monitor on the bus. This is an important safeguarding addition to the shuttle bus service when being used by our Primary aged students. All other intercampus shuttle buses do not have a bus monitor because the service is used by our secondary students, parents or staff. The cost per week will be 200 THB per child (only 40thb per day).
