

## A-Level Courses Entry Requirements

### Minimum Overall Grade Requirement

The minimum requirement to take 3 A- Levels is 5 x C grade GCSEs. In most subjects a minimum of a C is required at GCSE to take the A- Level, however a B is preferred to ensure students have the best chance of success. We only recommend 4 A- Levels for students who have achieved A and B grades in all subjects, however we take into consideration where they want to go to university as some degree courses require 4 A- Levels.

### Exceptions

1. For the following subjects, a minimum of a B at GCSE is required:

- **Maths (and Further Maths)**
- **Biology**
- **Chemistry**
- **Physics**

*\*Students who have completed Coordinated Science with a minimum of a B grade can also do A- Level Science, but these students may find it more challenging.*

2. The following subjects are not taught at GCSE in all schools. If the student joining us has not had the opportunity to take these courses, we recommend the following:

<b>Subject</b>	<b>Entry requirement</b>
<b>Psychology</b>	C or above in Biology and English as a First Language
<b>Economics</b>	C or above in Maths and English as a First Language
<b>Media Studies</b>	C or above in English as a First Language
<b>Art</b>	Submit a portfolio to be assessed by the Creative Arts team
<b>Photography</b>	Submit a portfolio to be assessed by the Creative Arts team
<b>Design Technology</b>	Submit a portfolio/project to be assessed by the Creative Arts team
